

What is social democracy?

Why did Anthony Crosland believe that Marx's arguments were increasingly irrelevant?	
How does social democracy contrast with democratic socialism? Why did revisionists disagree with fundamentalists?	
Why did Crosland believe that alienation and confrontation were unavoidable in both private and publicly owned industries?	
Why did Crosland disagree that the collective ownership of property was key to socialism?	
What arguments did Crosland make for equality? Why did he believe it to be the core aim of socialism?	
Why did Crosland believe that education and public services were key to achieving a more equal society?	
Why did Crosland believe that managed capitalism and wealth redistribution could deliver social justice?
